Matériel

- 1 canvas board 4 x 4 inches (ref 777300)
- 1 dropper (ref 166301)
- 1 fan paint brush # 6 (ref 951170)
- 1 sheet of paper towel

gede

Glazing Resin (ref 766170)

Vitrail

Cobalt Blue (ref 050-037)

PROJECT

Marine moon

Step 1

Prepare the Glazing Resin as instructed on the box and verify the canvas board is placed on a flat surface. Using a dropper apply the resin to the bottom half of the canvas board (do not cover completely). Allow to dry for approximately 24 hours.

**Step 2**

Apply a generous amount of Vitrail colour on the complete surface of the canvas board using a fan paint brush.

**Step 3**

Before the paint dries, take a piece of paper towel and wipe the centre of the painting to create a circle. Allow to dry for approximately 8 hours.

**Tip:**

Think about using different colours!
